

OPEN HOUSE
TO SEE ANNIE
OCTOBER 8, 2005
1:00P.M. TO 4:00P.M.
140 SODA CREEK ROAD
EVERGREEN, COLORADO

Directions: Take I 70 West Exit Floyd Hill Turn right on U.S. 40 follow a couple of miles to Soda Creek Road - turn right on Soda Creek and Annie is the 3rd house on the hill on the left side. However, you should all probably do a map quest rather than hold me to my memory (I do live in Chicago).

please note: Annie will most likely ask every single one of you for a cigarette - you **must** tell her no - she cannot smoke as she has the shunt still - I continually tell her people don't smoke any more and that she quit quite some time ago and then immediately change the subject. Just a heads up. This is very important. Also, please refrain from smoking as this only will excite her further.

Also, for those of you from out of town or those who will not be in town that day I will send another e-mail with a phone number for you to contact Annie's sister Ronnie and she will try to accommodate all requests. Annie is going to be so excited to see any of you that are able to visit her. Should you have questions, please feel free to respond to my email.

Linda
